"Black Key Song"

Think I'm wasting my time when I'm moving away
Think I'm lucky to be 'cause I'm sleeping so hard

I think I'm slippin' away
think I'm slippin' away
think I'm slippin' away to catch a better movie
Anyday I will loose
Anyday I will loose
Anyday I will loose myself to satisfaction

There's a life right ahead that I'm holding inside
I am leaving my skin something tells me to go

I think I'm slippin' away
think I'm slippin' away
think I'm slippin' away to catch a better movie
Anyday I will loose
Anyday I will loose
Anyday I will loose myself to satisfaction
