Lost my love lost my love to you
Lost my love lost my love it's true
Just woke up got a sad energy
Lost my love got a bad memory
Announcement on the wall 1000 dollar reward
give it back what's mine give it back oh lord
Back Back Give it back oh Lord
Back Back Give it back oh Lord

Lost the faith lost the faith in me
Lost the faith in my memory
Lost my love bought a tracking dawg
Searched all night through the shady fog
Television news all his soul is gone
Searchin for that prey baby run run run run
Run run Baby Run run run
Run run Baby Run run run

Search my soul you'll find some light in me
It's alive it's electric and shy
It's alive and i I'm loosing all my time
Search my soul you'll find some love you'll see
It's alive it's electric and shy
It's alive and i I'm loosing all my time

Unpredictable and tricky losted love is gone
You better give a call upon the pentagon
