### "Slow Motions"

We're moving too fast - got no real devotion  
We're moving too fast - got no true emotion  
We're moving too fast - got no crossroad notion  
We're moving too fast - explosion

AAAA give me slow motions give me slow slow motions  
tonight  
AAAA slow motions slow motions give me slow slow  
motions alright

This ain't gonna last - got no real devotion  
This ain't gonna last - got no true emotion  
This ain't gonna last - got no crossroad notion  
This ain't gonna last - explosion

AAAA give me slow motions give me slow slow motions  
tonight  
AAAA slow motions slow motions give me slow slow  
motions alright

Life is a gas  
Life is a gas  
Life is a gas  
Life is a gas explosion

AAAA give me slow motions give me slow slow motions  
tonight  
AAAA slow motions slow motions give me slow slow  
motions alright
