She stares at her reflection
A picture of perfection
Knows no rejection
Is on to the next one
She'll see, she will crease
She will lead you on
'Cause girl you know you fly
With them high heels on
Clicky clack clicky clack
As you're walking down the hall girl
You know that you look better than them all girl
Wanna see them candy toes
Hang down your pantyhose
Girl you're comin' with me
And make sure your daddy knows

Hey girl I wanna taste that body
And ain't nobody gonna take that body from me
Go somewhere and stay forever
Lay down, tape our bodies together

I'm ready, I'm ready
Come closer, come over
I'm waiting, I hate waiting
I'm impatient
I wanna taste it

Let's face it
If your time is precious as mine
It shouldn't be wasted
Let's go back to my place
And get down to the basics
As soon as she caves in
That shit is amazing
Nothing better than this
You could never replace it

That girl is one of a kind
The type to blow your mind
It's type of lips when you kiss
That's sendin' chills up your spine

The kind of girl you wanna make your own
The type of girl you never leave alone

Oh girl
Hey girl I wanna taste that body
And ain't nobody gonna take that body from me
Go somewhere and stay forever
Lay down, tape our bodies together

Oh girl

Hey girl I wanna taste that body
Ain't nobody gonna take that body from me
Go somewhere and stay forever
Lay down, tape our bodies together

I'm ready, I'm ready
Come closer, come over
I'm waiting, I hate waiting
I'm impatient
I wanna taste it

Oh girl

Hey girl I wanna taste that body
And ain't nobody gonna take that body from me
Go somewhere and stay forever
Lay down, tape our bodies together

Hey girl I wanna taste that body
And ain't nobody gonna take that body from me
Go somewhere and stay forever
Lay down, tape our bodies together

Girl I wanna taste that body
And ain't nobody gonna take your body from me
Go somewhere and stay forever
Lay down, tape our bodies together

And girl I wanna taste your body
And ain't nobody gonna take that body from me
Go somewhere and stay forever
Lay down, tape our bodies together
