Not alright
Not alright
Not alright

It's not alright
It's not alright
We won't take it anymore

Not alright
It's not alright
We won't take it anymore

We hired you to make our world right
To fight on our side
But you had something else in your mind
You're a man of a wrong kind

I don't like what I see
And now it's enough for me
You lie, you steal
And let people die!

It's not alright
It's not alright
We won't take it anymore
(No no no)

It's not alright
It's not alright
We won't take it anymore
(No no no)

I don't like
what I see here
And now it's enough for me

Not alright
It's not alright
We won't take it anymore
Not anymore

You are playing in a fire zone
Far away from home
You took our money and used our trust
And now you're gonna be dust!

I don't like what I see
And now it's enough for me
You lie, you steal
And let people die!

It's not alright
It's not alright
We won't take it anymore
(No no no)

It's not alright
It's not alright
We won't take it anymore
(No no no)

I don't like
[what I see here
And now it's enough for me

Not alright
It's not alright
We won't take it anymore

Your face looks like a fading light
Now it's time to make things right
You're going to be dust now!
You're going to be dust now!

It's not alright
It's not alright
We won't take it anymore
(No no no)

It's not alright
It's not alright
We won't take it anymore
(No no no)

I don't like
what I see here
And now it's enough for me

Not alright
It's not alright
We won't take it anymore
Not anymore
