She's lying to you
Please don't count on her anymore
She's lying to you
I don't wanna see you breaking again

Nothing is like it seems
The trust has faded away
Hidden lies, silent truth
Respect has turned to pain

I always felt we are brothers
And now we're standing on different sides
I never lost my fate in us
But I don't know about it anymore

Nothing is true
Someone is trying to make you a fool

She's lying to you
Please don't count on her anymore
She's lying to you
I don't wanna see you breaking again

You are nobodys fool
Please don't cry for her anymore
She's lying to you
I don't wanna see you breaking again

Nothing is like it seems
The trust has faded away
Hidden lies, silent truth
Respect has turned to pain

I always felt we are brothers
And now we're standing on different sides
I never lost my fate in us
But I don't know about it anymore

Nothing is true
Someone is trying to make you a fool

She's lying to you
Please don't count on her anymore
She's lying to you
I don't wanna see you breaking again

You are nobodys fool
Please don't cry for her anymore
She's lying to you
I don't wanna see you breaking again

I don't wanna see
I don't wanna see
I don't wanna see
...you breaking!

I don't wanna see
I don't wanna see
I don't wanna see
...you breaking!

She's lying to you
Please don't count on her anymore
She's lying to you
I don't wanna see you breaking again

You are nobodys fool
Please don't cry for her anymore
She's lying to you
I don't wanna see you breaking again

Nothing is true
Nothing is true
You're nobodys fool
Nothing is true
Nothing is true
I don't wanna see you breaking again
