Christmas is in the air
Everyone is backing and decorating everywhere
I feel my patience running ,
Tired and crazy .. is kicking
Uuuu la la la la la
We went shopping now
For weeks
Mommy is tired now , the heels
The kids are coming down with the flu
All together I'm just not in the Christmas mood

Chorus

Maybe it's nice
Maybe it's trees
Maybe it's kings in bended knees
It will go fast
Let's take it slow
Baby I just want you to know
That I can't just wait to spend another Christmas with
you

Now the kids are up in bed
You put some tea and read the , inside my head
We cuddle out beside the tree
Realize that we have more than we can ever need

Chorus

And the snow is falling down
A perfect end to a crazy day
As you drift off to sleep here in my arms
I feel the chaos melt away
It's about love
It's about peace
It's about kings on bended knees
It will go fast
But let's take it slow
Baby I just want you to know

Chorus

Thanks to feel
