Feelings of first degree
Are all I ever feel, lately
Signs are pointing to you
Whatever the consequence
I'll take that risk, that leap of faith
Just to glimmer in your eyes

I wish I could let me be this
But not when you want that
When you want me to lead you on
This burning fire, my desire
Could lead me to the land of no return
And make you turn around

Around

Beneath the crown I wear
Inside my head is where I'm tearing up
Everything that matters to me
Why
Do I fear I know how you perceive?
If you've got something up your sleeve
Let me know, let me know

Is there a way out of this forest?
A path worth taking?

A way to have you?
Well I'd think twice
If I thought it would serve me well
But my second thought
It won't make me whole
Make me whole

Whole

Beneath the crown I wear
Inside my head is where I'm tearing up
Everything that matters to me
Why
Do I fear I know how you perceive?
If you've got something up your sleeve

Let me know, let me know

Don't hold your breath
How could I decide?
What made me lose my mind?
Made me lose my mind
Lose my mind

Beneath the crown I wear inside
(Beneath the crown I wear, beneath the crown I bear)
Inside
(Beneath the crown I wear, beneath the crown I bear)
Inside
