Oooooooooo
Tell me that im dreaming
I'm dreaming
Oooooooo
Dont you stop me from believing
I'm Dreaming...

You
You came into my life
Without a reason why
Why did you have to smile

Why did you have to touch my soul
It crys right out for you
I love the little things you do
My heart depends on you
To say you'll never leave me

Oooooooooo
Tell me that I'm dreaming
I'm dreaming
Oooooooo
Dont you stop me from believing
I'm Dreaming...

You
You walked out of my Life
We didn't even say goodbye
I didnt even hear you cry

I know how hard you try but your soul
Is still part of my dreams
You'll never know what I mean
I'll miss you but you'll never see
You said you'd never leave me...

Oooooooooo
Tell me that I'm dreaming
I'm dreaming, I'm dreaming, I'm dreaming
Oooooooo
Dont you stop me from believing, believing

I'm Dreaming, dreaming...

Stay with me You'll never go away
(Stay away)
When im with you it's a holiday
(OHhhhh its a holiday ...)
If my dream should ever fade away
(If my dream should ever fade awaaay)
Will you still be here with me today
(Still be with me toodaaaayyy)

Its seems so far but I dont know why
Keep on wishing on to the sky
I'm dreaming, Believing
Time is running but I dont know why
Keep on wishing on to the sky
I'm dreaming, Believing

Oh oh oh oh I'm Dreaming
Oh oh oh oh Believing (2x)

You mean the world to me
The time is right for you to see (4x)

It's seems so far but I dont know why
Keep on wishing on to the sky
I'm dreaming, Believing
Time is running but I dont know why
Keep on wishing on to the sky
I'm dreaming, Believing

oh oh oh oh I'm dreaming (fades out)
