[CHORUS]

Baby don't hang up
Let me talk
I can't let it end this way
Girl my love for you is true
Baby let's make up
Can't you see
How much you mean to me
Oh girl what you gonna do

Baby I just calling you
To say what's on your mind
We need to talk about
What went down last night
Your friends been saying things
Trying to tell you what to do
They're in our business girl
You know it just ain't cool

'Cause what goes with us baby
You know it's between me and you
I want you to know
How I feel for you baby
All I'm asking for you is please

[REPEAT CHORUS]

If you only knew what they're doing
They're pulling us apart
Only I know that you're my heart
What about the nights we shared
Told you just how much I cared
Baby what can you see

'Cause what goes with us baby
You know it's between me and you
I want you to know
How I feel for you baby
All I'm asking for you is please

[REPEAT CHORUS]

Oh baby they're trying to pull us apart
Deep down in my heart
Baby please

[REPEAT CHORUS]
