Whatcha gonna do
Are you ready for love
'Cause ready or not
Here I come
Whatcha gonna do
I need to know you love me
That you'll always be
Thinking of me
You've been takin'
Your sweet time now baby
Makin' up
Your sweet mind now baby
Don't cha know
I'm not the kind of man
To do the hang
Better move fast
Better move fast and
Tell me what is up with you
I'm not playing twisted game
With your feelings
What I say you know exactly
What the deal is
There's an awful lot
You're not revealing
So let it show

Whatcha gonna do
Are you ready for love
'Cause ready or not
Here I come
Whatcha gonna do
I need to know
You love me
That you'll always be

Thinking of me
Whatcha gonna say
If I walk out that door
Don't ya know
You're gonna want me
Back for more
Whatcha gonna do

You better not refuse me
You gotta love me
Right now or lose me
Whatcha gonna

Don't be givin' me that
Fake "Let's take it slow" line
Your heart's a mountain that
I don't wanna have to climb
Don't think that I'm just
Gonna wine and dine you
I'm through trying
To convince you
It's true where's
The love within you
I won't wait another minute

You've been takin'
Your sweet time now baby
Makin' up
Your sweet mind now baby
Don't cha know
I'm not the kind of man
To do the hang
