Hey baby, I'm ready to take the field
I hope you got your game face on
We about to make history

Hey baby welcome to my home
Tonight It's you and me we all alone
And you know exactly just what I'm on
Don't need no clothes
Leave them heels on

Tonight I'm gonna break a world record
I see the signs baby I'm not striking out
And can't nobody read your body better
I'm gonna show you exactly what I'm about

I'mma knock it out the park
(Ooh ooh uh uh yeah)
Tonight I'm hitting home-runs in the dark
I'mma knock it out the park
(Oooh oh yeah)
After we done girl you gonna be calling me your all-star
So can I knock it, knock it, knock it
Knock it out the park
Knock it, knock it, huh knock it out the park
(oooh ooh) I'll be your all-star

You should check my status girl
You'll see that I'm a winner
