Oh you were born dead  
Get outta my head  
You're not the only one  
That likes to have some fun  
Take time now to unveil  
My soul is not for sale  
The headless horse  
Is you of course

Those modern girls don't do it for me  
This modern world won't let me be

I don't care what they say  
For me it's just too late  
They bask inside  
The loner's eyes  
It's not my cup of tea  
It's either them or me  
What's the point in all this fuss  
It's all just much too much

Those modern girls don't do it for me  
Those modern girls don't want nothing for free  
Those modern girls don't do it for me  
This modern world won't let me be

It's like I said you won't get nothing from me  
Her time is wasted but she don't care to see  
Down to the wire I don't know what she sees  
You just keep trying it don't matter to me

I wait in line  
For Miss Divine  
Take off your veil  
Time to impale  
The headless horse  
Was me of course

Those modern girls don't do it for me  
Those modern girls don't want nothing for free  
Those modern girls don't do it for me

This modern world won't let me be
