The ivy on the wall is getting thicker  
The ivy on the wall is getting thicker  
If you don't take your pills they gonna getcha  
The ivy on the wall is getting thicker

Who do you think you are?  
We live on your street  
Who do you think you are?  
We live on your street  
Who do you think you are?  
We live on your street  
Who do you think you are?  
We live on your street

Do you have the time?  
Could you spare a dime?  
What's yours is mine  
Let's kill the blind

Who do you think you are?  
We live on your street  
Who do you think you are?  
We live on your street  
Who do you think you are?  
We live on your street  
Who do you think you are?  
We live on your street

Who do you think you are?  
I'll take you to the beach  
Who do you think you are?  
I'll take you to the beach  
Who do you think you are?  
I'll take you to the beach  
Who do you think you are?

Creative minds  
Consume your time  
Give the kid a chance?  
Pro choice romance

Hey, hey Ely  
Do you wanna try?  
Hey, hey Ely  
Do you wanna die?

Hey boy take your pills  
Hey kid prescription fills  
Don't got a choice acceptance kills

Who do you think you are?  
We live on your street  
Who do you think you are?  
We live on your street  
Who do you think you are?  
We live on your street  
Who do you think you are?  
We live on your street

Who do you think you are?  
I'll take you to the beach  
Who do you think you are?  
I'll take you to the beach  
Who do you think you are?  
I'll take you to the beach  
Who do you think you are?

Creative minds  
End up in line  
Do you wanna dance?  
Pro choice romance

Hey, hey Ely  
Do you wanna try?  
Hey, hey Ely  
Do you wanna die?
