Seize the day and it will pay

And you can find that running stream

Multiply, watch it fly

Near or far or in between

I love the rush

But I don't understand it much

I love it

Place your fool's bet

I wanna wear black 'cause it makes me feel good

Wanna be brave 'cause I know that I should

And I wanna feel good about you

I wanna feel good, good about you

Spin the wheel, it's never real

(Spin the wheel)

And life is like a movie scene

Cast away, learn to play

Like the cat who got the cream

I love the rush

But I don't understand it much

I love it

Place your fool's bet

I wanna wear black 'cause it makes me feel good

Wanna be brave 'cause I know that I should

And I wanna feel good about you

I wanna feel good, good about you

Sometimes your luck runs dry

(Runs dry)

No matter how hard you try

(You try)

Can't seem to hit that winning streak

You're changing over so fast

(So fast)

The future's already past

(Past)

Not every rose you smell is sweet

The queen of hearts is my lucky card

Are you my king?

Or just another joker in the pack

You changed everything

I wanna wear black 'cause it makes me feel good

Wanna be brave 'cause I know that I should

And I wanna feel good about you

I wanna feel good, good about you

Good about you, good about you

I feel good, I feel good

I feel good, I feel good

I feel good, I feel good

I feel good, I feel good

I feel good
