"Stand Still"

Can you swallow the food they bring?
Can you hear the bells ring?
You know there is a crack in everything
that's how the lie gets in

Stand still
Stand still
Stand still
Stand still

'Cause there is no time
No time
No time
No time
No time
No time for curtain calls

Heard you're moving to Babylon
I hope you're having fun
Run monkeys from skeletons
Here they come

Stand still
Stand still
Stand still
Stand still

'Cause there is no time
No time
No time
No time
No time
No time for curtain calls

Why don't you see me as you once did?

I'm still hanging around
My love tell me what you've found
I still have your jacket
And you still have my heart
My heart

My heart

Can you stick to the thoughts you have?
Are you still sad?
I'm sorry about the weather
A dog would have no better

Stand still
Stand still
Stand still
Stand still

And then you rise
Rise
Rise
Rise
Rise
Rise
Rise
Rise

Why don't you see me as you once did?
I'm still hanging around
My love tell me what you've found
I still have your jacket
And you still have my heart
My heart
My heart

Why won't you see me as you once did?
I'm still hanging around
My love tell me what you've found
I still have your jacket
And you still have my heart
My heart
My heart

Ooooh
