Foul play

On a summer day bumping De La Soul its a Saturday!

Without the roller skates

Threes no doubt the sun shouts out my daily solar fate

Must get up to motivate

There too much hope out there to cultivate

In this world and out the stratosphere

I'm looking at this girl like yo kiss me out of here

Don't care if your out of beer

Lets go to the trendy spots

And outdated gear

Let the posh

Of the Oshkosh

I paid the cost of the mosh pit to be a lost cause

Lets hit the in-in-out

At the end of the night we get through the old in-in-out

That would be something to dream about

But thats not what I'm really all about

In a crowded room your name I'm calling out

I'm about to bloom in this game ??????

Don't get me wrong and don't put on your make up yet

Lets fight again so that we can have make-up sex

I'll put the Elliot smith in the CD changer

Put your slit back on ill be the city stranger

No need to role play

Just roll with me and well be OK!

[2Mex]

Lets have a friendship uh slash relationship

And if it ends and crashes well just say it isn't shit

Don't say it was wack because you never really know

we might just get back together

You know all of our friends hate us

No one else in Los Angeles wants to date us

You go out with pretty boys and dress up

I go out with a pretty girl that lives to dress up

Is that what you want?

We both know that this is messed up

Yo I'm ready to roll if you would fess up

I can't talk about you no more

I'm looking at the from door

Cant waste my time trying to convince her
Hey! I just met a new girl on friendster
Word up yo
She likes the eels
This girl knows exactly how I fee
