"Deep Down"

They say, they say
We should have known better than to
Fall so deep down, deep down into
This rabbit hole we found
And I was thinking
On the long way down here
No life, no light
No sight, no sound down here
Hold my hand out
Eyes closed, nosedive down deep into
This pool of regrettable situations
Pitch black
Think back
To the last time that we were happy

Losing my senses
Lost in my head
I am nothing, and no one
And nowhere at all
I am thoughtless
And I fought this on my own

This is the wrong way
This is the long way down
[x2]

On the long way down here
No life, no light
No sight, no sound down here
Hold my hand out
Eyes closed, nosedive down deep into
This pool of regrettable situations
Pitch black
Think back
To the last time that we were happy

From these midnight walls
Sinister faces rest to gaze on me
And in this darkness
Foolishly I run
This is the wrong way

Losing my senses
Lost in my head
