Wheels turn, time to burn
I'm back in, no lesson learned
You tied me down
To this I am bound
It's not impossible to rewind
My friend
My friend

My friend, if you feel like you're falling
Promise that you won't look down
Just keep holding on
Make gravity stall
And imagine your feet on the ground
Breathe now
Somehow
The fire that burns you
Will just return you to dust
And this trust
Broken intention will soon lose its grip over us

You're strong, I see weakness
Temper your tone before they see this
Don't waste your words
No they won't be heard
It's not impossible to rewind
My friend
My friend
It's not impossible to rewind

Engage me
Enrage me
Never mind all that you gave me
I don't want to save you
My friend
My friend
My friend
My friend
It's not impossible to rewind
My friend
My friend
It's not impossible to rewind

Rewind, rewind...
