"Can't Help Myself"

I'm falling down to earth
I can't slow down
My wings have failed again
How I fear the ground

God help me now

I was strong enough to break
But my strength is altered
All communication failed
And I can't stop falling

God help me now

Can't help myself
Can't help myself
Can't help myself

God help me now

There are faces and clouds ahead
Got my arms wide open
I'm a million thoughts away
Now I see the ground

God help me now

Can't help my self
Can't help my self
Can't help my self

God help me now

Hello hello my friends
Have I landed here
