Always, looking for the light
I came all the way now, to find
Falling, in dreams of mountain high
Where you held my hand, breathing hard
I'll catch the wind
I will turn the night to nice day
Walk on the line with you, to Broadway light
Heading my way, rain to heal the sky
Now I can sigh high, imagine how you're free
To breath

I want to know, I want to learn
I want to be here everyday
I want to close my eyes and grow
I want to change
I want to love, I want to live
I want to have enough to give
I want to close my eyes and grow
I want to change

In my world, going back in time
The changing light, the never ending rhyme
Getting tired

I'll let the dawn of every year embrace me
Sit every night with you till broad daylight

I'm calling, can you hear me call
Can I change my mind, give me time to heal, time

I want to know, I want to learn
I want to be here everyday
I want to close my eyes and grow
I want to change
I want to love, I want to live
I want to have enough to give
I want to close my eyes and grow
I want to change

I want to know, I want to learn
I want to be here everyday

I want to close my eyes and grow
I want to change
I want to love, I want to live
I want to have enough to give
I want to close my eyes and grow
I want to change
