"Fake Love"

Now that I know it's time to go
You've got a better chance to grow
It's been a long time here
The end is near and I
Got nothing else to show

Now that I know it's time to go
I will reallocate my soul
I can be loud and clear
I can oversteer alive
In everlasting glow

I'm taking over all
I have, I lied
Got nothing for you
All I said, I lied â€¦

The fake love we had, always
The fake love we had
The love we had, a waste
The love we had, a waste

Now that I know it's time to go
Better the rest remains untold
Everything else will heal
With no more fear, alive
In everlasting glow

I'm taking over all
I have, I'm done
Got nothing for you
All I said, I lied â€¦

The fake love we had, always
The fake love we had
The love we had, a waste
The love we had, a waste

I'm taking over all
I have, I'm done
And now you're on your own

I left, I liedâ€¦!
