Messenger
Always bring's bad news
Just a trick of fate
Am I the one you'll use

You got me all Choked up
Runnin in the wings
Don't get left behind

So easy to see
Oh I can't complain
Whats this trick up you're sleeve?
Am I the one you'll blame?

You got me all messed up
Runnin through the wings
Don't get left behind

Messenger!
Always bring's bad new's
Just a trick of fate
Am I the one you'll use

You got me all messed up
Runnin though the wind
Don't get left behind
