

Wipers, The "This Time"

Don't wanna be a part of you.
Cuz you always make me feel [like] a fool.
Can't you see it's a matter of fact?
Plain as day, as white and black.

This time, it's gonna change.
This time, it's gonna change.
For me and for you.

Do you believe the things they said?
All this trash they fill in your head.
Can't you see it's a matter of fact?
Plain as day, as white and black.

Do you wanna be a part of this?
Don't you feel the things you miss?
Can't you see it's a matter of fact?
Plain as day, as white and black.
