What is love?
Is it half of me?
Is it one plus one for eternity?

Take a breath
Can keep my head in the sand
Can keep my head in the sand
So why are we here

Take a risk for you
I'll take a risk for you
You led my heart astray so I can't walk away
Now I gotta jump with you
Take a risk for you
I'll take a risk for you
It's already too late cause I can't walk away
Now I gotta jump with you

What is love?
Is it compromise?
Could you be enough for the rest of time?

Take a breath
Can keep my head in the sand
Can keep my head in the sand
So why are we here

Take a risk for you
I'll take a risk for you
You led my heart astray so I can't walk away
Now I gotta jump with you
Take a risk for you
I'll take a risk for you
It's already too late cause I can't walk away
Now I gotta jump with you

If it's love then what's the meaning
My heart and my head aren't speaking
Time to dance, I'm ready to believe in love

Take a risk on you

Take a risk on you

Take a risk for you

I'll take a risk for you

You led my heart astray so I can't walk away

Now I gotta jump with you

Take a risk for you

I'll take a risk for you

It's already too late cause I can't walk away

Now I gotta jump with you
