I saw the signs but don't tell it cheap
Land, sea or sun that's what I need
Hard to describe that funny sex
Now she's a see-saw slide and sleeping hex
That's dreams and light
That's dreams and light
The facts seem so thin, her honey thighs
Need some penetration, I saw her sigh
She saw it too, like a sneaky cheat
Land, sea or sun that's what I need
And that's dreams and light
And that's dreams and light
I'm on the side of truth and that's alright
Land, sea or sun kiss the face
Apologize, apologize, apologize
And that's dreams and light
And that's dreams and light
Dreams and light
Dreams and light
