Thank you for the big sunrise
And all the shapes that luminate
Hardly get to sleep at night
I'm waiting for the rays
Thank you for the lesson
There's always things to contemplate
I'm finding for the second time
This is for the waves
Riders on the heart
Think I'm going to celebrate
I'm going to take a big step back
Riders on the heart
Lazy motions in the air
Is something I appreciate
I'm going to make a big shape black
And birds are going to shake
When the bridges all come down
Love is going to face a race
Love is going to see some time
Love is going to pray
Riders on the heart

I think I'm going to break some legs

I'm going to take a big step back

Riders on the heart

Riders on the heart

I think I'm going to celebrate

I'm going to take a big step back

Riders on the heart

Thank you silly Jesus

There's always one sycophant

Never going to sleep on time

This is unfair

Thank you for the new sunrise

And all the shapes that luminate

Hardly get to sleep on time

I'm waiting for the rays

Riders on the heart

I think I'm going to break some legs

I'm going to take a big step back

Riders on the heart

Riders on the heart

I think I'm going to celebrate

I'm going to take a big step back

Riders on the heart

Riders on the heart

I think I'm going to break some legs

I'm going to take a big step back

Riders on the heart

I'm on the road again

I'm on the road again
