it hurts to lose someone  
love is no fun  
but everyone keeps telling me it gets better  
wait and see  
how much longer will i have to wait?

if i give up, will you still try?  
and if i just stop, will you ask why?  
if i just can't take anymore, will you just close the door?

it hurts to be alone  
it will but then it won't  
but everyone keeps telling me she'll come back  
just wait and see  
how much longer will i have to wait?

if i give up, will you still try?  
and if i just stop, will you ask why?  
if i just can't take anymore, will you just close the door?

when i see you in July  
i'll try not to break down and cry  
it will be hard to let go

of something that i didn't know  
of something that i didn't know

if you want it, come and get it  
it's all for you  
don't deny it, you won't regret it  
love's made for two

if you want it, come and get it  
it's all for you  
don't deny it, you won't regret it  
love's made for two

if i give up, will you still try?  
and if i just stop, will you ask why?  
if i just can't take anymore, will you just close the door?  
if i give up, will you still?  
if i just stop, will you ask me?

if i just can't take anymore, will you just close the door?

it hurts to be alone

it will but then it won't
