i like the way you look
do you want me?
can i tell you how i feel?
you're like an open book
can i read you?
do you want me to see?

just tell me where you are
i'll be there if it's not too far

i've been falling
falling in love with you
i've been calling
calling out your
calling out your
calling out your name

i like the way you feel
do you love me?
can i be your only one?
i know that you aren't real
but i want you
and i need you here now

just tell me where you are
i'll be there if it's not too far

i've been falling
falling in love with you
i've been calling
calling out your name

i've been falling
falling in love with you
i've been calling
calling out your
calling out your
calling out your name

i love the way you act
you're an angel
and i only tell the truth

it's just a well-known fact that i love you
and i want the best for you

just tell me where you are
i'll be there if it's not too far
and it's not too far
not too far

i've been falling
falling in love with you
i've been calling
calling out your name
i've been falling
falling in love with you
i've been calling
falling in love with
calling out your
falling in love with
calling out your name
