I wonder where you went
Your letter never sent
And now it's late
It'd me you hate

Pre-Chorus:
And I see
What you want
And I know
Where you're going

Chorus:
Out of my life
Into the world
Out of my life
Another teenage girl
Out of my life
To start on your own

Out of my life
To find your home

I wonder where you are
I hope that you're not far
Cuz now I know
Where I should go

Pre-Chorus
