I found out yesterday  
The truth that left me blown away  
Finally you told me this  
But still it's my fake life that I miss

My life is incomplete  
But the memories I know I will keep  
It my head is where they'll die  
The life I lived was all a lie

Pre-Chorus:  
The pain, the hurt  
This feeling is stealing me  
My life, this knife  
Please stop I'll live

Chorus:  
The truth hurts this time  
But I don't know why  
It was so long ago  
But I still don't know  
Why I feel like I can't deal

I just wanna cry

I'm trying hard to cope  
But all I am is on a downhill slope  
I want my life again  
But it's too late to see a change in my friends

I see the light in here  
But I cannot hide all my pain and fear  
I want my life to cease  
Where can I go so I can release

Pre-Chorus (x2)

Chorus (x2)

Please let me die (x4)  
I just wanna cry  
Please let me die, die

Pre-Chorus (x2)  
Chorus  
Please let me die  
Chorus  
Just want to cry (x5)
