Everyone is gorgeous and so are you
And we got to be good to each other
You are just like everyone else, me too.
And we got to be good to each other
We're sitting in the same boat you and me
Slowly sinking deep into the sea
If we wanna find a way out of here
We got to be good to each other
We got to be good to each other
We got to be good to each other

She got more then she could take, some boats break
And we got to be good to each other
I want more than I can use
Big mistake
So we got to be good to each other
We're sitting in the same boat you and me
Slowly sinking deep into the sea
If we wanna find a way out of here
We got to be good to each other
We got to be good to each other
We got to be good to each other
We got to be good to each other

We got to be good to each other
We got to be good to each other

If we wanna find a way out of here
We got to be good to each other
We got to be good to each other
We got to be good to each other

It's you, it's me, it's you, it's me
It's you, it's me, it's you, it's me

We got to be good to each other
We got to be good to each other
We got to be good to each other
We got to be good to each other
We got to be good to each other
We got to be good to one another

We got to be good to each other
