The path that we've made
We'll not be afraid to say what we know.
We will not let go!
Don't hold your breath, find a way out.
Don't hold your breath just find your way out.
I'll watch your collapse
You'll try to fight back but you're fallin through the floor
Gasp for air.

And they say we'll never make it out alive
But at least we'll try
(I'll let you know, let you go. I don't know where I'm
going.)
As long as you're not afraid to just run, run... Save
yourself.

You will never be the same. So watch me, watch me...
Grow.
You think you know the way?
But the way that I'm coming is the way that you're
leaving.
Oh, you're pushing you're pressing now.
These words that you're saying, they fall from your lips
And I'm not even listening.
We've wasted so much time, pretending that you
cared.
Please let me go... Where you belong.

They say we'll never make it out alive, but at least we'll
try.
(I'll let you know, let you go. I don't know where I'm
going)
As long as you're not afraid to just run, run... Save
yourself.

There's got to be a reason, your last words.
There's got to be a reason, they weren't heard.
You may not like to hear this but you're coming to an
end.
You may not like to hear this but you're coming to an
end.
