You're fucking fake!
Two-faced!

You've gone down this path of no return.
The reputation you have,
you haven't earned.

Now it's time you learn.

I think you're cursed.
What can I say?
I'll crush your dreams,
I'll end your days.
(Now!)

Why am I the only one who sees inside you,
I see right through you.

Why am I the only one who knows exactly who you are.
Exactly who you are.

Your lies will fall on deaf ears.
You can't ruin any more lives.
Now live in fear.

Live in fear.
Live in fear.
Live in fear of me.

Why am I the only one who sees inside you,
I see right through you.

Why am I the only one who knows exactly who you are.
Exactly who you are.

This time your lies won't get you far.
We know who you are.
This time your lies won't get you far.
We know who you are.
This time your lies won't get you far.
We know who you are.

This time your lies won't get you far.
We know who you are.
This time your lies won't get you far.
We know who you are.

Why am I the only one who sees inside you,
I see right through you.

Why am I the only one who knows exactly who you are.
Exactly who you are.

Begin chant
"This time your lies won't get you far!
We know who you are!"

Why am I the only one who sees inside you, I see right
through you.

Why am I the only one who knows exactly who you are.
Exactly who you are.

"This time your lies won't get you far.
We know who you are."
