Postal border was makin' me mad
So I get up in my cruiser, broke out of the pad
Rolled to the West Side to check out my boys
Twenty brothers in the park, all bringin' the noise
Stepped out the car, Levi's saggin'
Gold around my neck with my limb-walk laggin'
Walked up on my boys with the old E chillin'
The box with the big beats and my boys started illin'
A hoop game started so I jump in
Had the hoods' toughest team so I just had to win
Diz to the outside, 2Pac up the center
A ten minute game and we were the winners
The boys started smackin', talkin' that slack and
till he see my posse and the suckers started backin'
Tried to say we cheat, because he got beat
Another lightweight sucker that can handle defeat
People wonder why I choose to live the hype
It's not to understand, it's just a day in the life
Kick it - it's just a day in the life

Finally I'm on vacation and school is through
So here I am, on Monday mornin' with nothin' to do
Tried to get outta my bed, but I can't move
Ya see I'm stuck to my mattress like crazy glue
So there I lay, for half the day just thinkin'
Got up to brush my teeth cause my breath started
stinkin'
But I was all alone so it wasn't no thing
Got up to take a shower and heard the phone ring
Picked it up, the salutations, little bit frustrations
Who could be disturbin' me on my vacation?
Speakin' on the phone in an aggravatin' tone
Now I know what Michael meant by leave me alone
So I'm askin' who is it? and the answer shocks me
It was the voice of my homeboy Roc-T
Him and Dizzy had been waitin' for me
Had a show at three and now I'm late as can be-acapo
