Don't You Trust Me?
I ain't got time for this man I'm out

[Chorus]
You should stop for awhile you will find me standing by
(Don't you trust me?)
Over here at the side of your life (Not that I don't trust
you)
You spend all your hours just rushing around
Do you have a little time to have a little time for me?

[Verse 1]
As soon as I leave the house you wanna page me
See you got me trapped I'm going crazy this is slavery
You act like it's outrageous give me space it won't get
better
And maybe we will argue and be through with all these
sorry letters
Soon as I come home it's like I get the third degree
Where ya been and who you with I get no room to
breathe
It makes me wanna leave
I'm sick of these tricks up your sleeve
Your suspicious I deceive give me grief without belief
but to me
If you really trust me then it's pitiful
Question me about my whereabouts that's so trivial
Let me live my life and you can live yours
Just be there to help me and support that's what your
here for
Not to give me stress and add to pressure
Home is where I go the rest I go to pass the test
I'm sorry if I left you all alone
But I couldn't make it home so we argue on the phone
Don't you trust me?

[Chorus]
You should stop for awhile you will find me standing by
(Don't you trust me?)
Over here at the side of your life (Not that I don't trust
you)
You spend all your hours just rushing around

Do you have a little time to have a little time for me?

[Verse 2]

Callin' up my house to hang it up You think that makes sense

Tell me what it takes for us to shake so we can be friends

It's time for us to take our separate paths

We had a lot of laughs but the good things come to pass

Let's think of the evil break don't make it scandalous

Try to be mature I'm pretty sure that we can handle this

You're saying I'm too busy I ignore you

I guess you didn't hear me when I said that I cared for you

But now it seems the arguments are nightly

I wanna hold you tightly but instead you wanna fight me

So why let it stress and aggravate me

Instead I'd rather break hope you don't hate me

You tell me that you love me but your lyin'

Fighting back the urge to start cryin'

I wipe away your tears come and hug me

I love you like you love me

Girl... don't you trust me?

[Chorus]

You should stop for awhile you will find me standing by
(Don't you trust me?)

Over here at the side of your life (Not that I don't trust you)

You spend all your hours just rushing around

Do you have a little time to have a little time for me?

[Verse 3]

I hangup the phone (click)

I can't bare to hear you yellin' at me

Maybe we should end it neither one of us are happy

You know that I'm emotional you milk me

Comin' over crying just to get me feelin' guilty

You and me were met to be it yet

You always wanna sweat and how much closer can we get (don't fret)

Just let me pack my things and I'll be outie

This time I'm breaking out you let your mouth overcrowd me

I can't take the beefin' and the griefin'

I get no room to sleep I hope it ceases cause I'm leavin'

Maybe next time you'll be a little more sure

When I can give you more when you unsure

But baby until then I gotta leave ya
It's not that I don't need ya but see ya
And I hope that you understand why I bust it
Not because we rushed it (hell no)
But girl don't you trust me?

[Chorus]

You should stop for awhile you will find me standing by
(Don't you trust me?)
Over here at the side of your life (Not that I don't trust
you)
You spend all your hours just rushing around
Do you have a little time to have a little time for me?

Not that I don't trust you
Don't you trust me?

Not that I don't trust you
Don't you trust me?

Not that I don't trust you
