[2Pac]

I'll be tha last muthafucka breathin'
Tell me nigga, who be the last muthafucka breathin'?

chorus [2Pac]

Stressed, and busta free, enemies give me reason
to be the last muthafucka breathin'
Bustin', my automatic rounds catch'em while they
sleepin'
now I'm the last muthafucka breathin'

Stressed, and busta free, enemies give me reason
to be the last muthafucka breathin'
Bustin', my automatic rounds catch'em while they
sleepin'
now I'm the last muthafucka breathin'

Verse 1 [2Pac]

Woke up with 50 enemies plotten my death
all 50 seein' visions of me shot in the chest
Couldn't rest, nah nigga I was stressed
had me creepin 'round corners, homie sleepin in my
vest
Shit, I'm like a hostage on this troubled block
call tha cops, a thug nigga screamin Westside bustin'
double glocks
Hittin corners in my Chevy Surburban
liquor got me drivin up on the curb hand on the steerin
wheel, swirvin'
Bless me Fatha I'ma sinna, I'm livin in hell
Just let me live on these streetz cause ain't no peace fo'
me in jail
Getten world-wide exposure
with a bunch of niggaz that don't give a fuck ridin as
my souljaz
I just release 'em on a war path, not your average
dealer
Westside, Outlaw, Bad Boy Killa
Complete my mission my competition no longer beefin'
I murdered all them bustaz now I'm the last

muthafucka breathin'

chorus [2Pac]

Stressed, and busta free, enemies give me reason
to be the last muthafucka breathin'
Bustin, my automatic rounds catch'em while they
sleepin'
now I'm the last muthafucka breathin'

Verse 2 [Young Noble]

Make sho' I hold my position, stand firm in tha dirt
Fo' all my souljas gone, we burnin' the earth
Outlawz WORLDWIDE, we pack tha block
Shootin' rocks at tha kid, I'll bust back for Pac
Ask Yak, he'll tell you that it's hell down here
Stale down here, to many jails down here
Why you act like you don't hear me?
Young Noble, Outlaw till these muthafuckas kill me
I'm still breathin'

[Napoleon]

Now we was raised "fuck this life", I rose my right
Holdin' on a tight grip with death in my sight
And the dark is my light, I'm sentacle, sleep-walkin',
isn't you?
Walkin' 'round town wit' a pound full of dinner food
Came a long way from a bored-day
Dead away where there's war play
Fuck Friends, I'll say, rather die for my A-K
Wit' these fag ass niggaz, see-through glass ass
niggaz
Only ride my niggaz, ghetto is mash ass niggaz
Breathin'

chorus [2Pac]

Stressed, and busta free, enemies give me reason
to be the last muthafucka breathin'
Bustin, my automatic rounds catch'em while they
sleepin'
now I'm the last muthafucka breathin'

Verse 3 [Kastro]

I walk around with a knife in my back
Talkin' bout a bad day, I live a life like that
It's a fear, and I'm losin' my hair, bless the houlogans
Catch me, I'm fallin' out flat, yo, I'm ruinin'
Breathin' is suicant, no one give a fuck about me
I learned to like it like that, when I was still wit' mommy

Besides a seed that the devil run from
In the belly of the beast, that's where the fuck we come
from
And still breathin'

[EDI]

And still I'm totally wasted, they want me to face this
Just lost 2 of my closes, man, one of y'all can take this
But, I'm Makaveli trained, simple and plain
We numba 1 muthafucka, bout to do it again
Shit, Pac still doin' it, you hoes can't ruin it
2 million everytime he drop, I know you fuckas losin' it
We movin' in for the kill, for a mill
Hold the steel, hold the wheel
I'm bout to give these niggaz somethin they can feel
Fakin' real, but we the raw on the cut
Style-bitin' THUGLINE niggaz give it up
We Hit 'Em Up

and we still breathin'
and we still breathin'
and we still breathin'

[2Pac]

We'll be the last muthafucka breathin'

chorus [2Pac]

Stressed, and busta free, enemies give me reason
to be the last muthafucka breathin'
Bustin, my automatic rounds catch'em while they
sleepin'
now I'm the last muthafucka breathin'

Stressed, and busta free, enemies give me reason
to be the last muthafucka breathin'
Bustin, my automatic rounds catch,em while they
sleepin'
