Niggas  
(Yeah, uh)  
Niggas

Who's afraid of the punk police?  
Niggas run the streets, no justice, no peace

Fuck the law, rather draw than do time, don't fuck with  
mine  
'Cross the line, my two nines go baya baya when I shoot  
'em  
Korean mothafuckers was crooked so niggas had to  
burn and loot 'em  
Now the streets ain't safe at night, my niggas, straight  
take his life

So don't sleep when my jeep creep up, how we hit 'em?  
Empty the clip, then dip 'cuz we did 'em  
Lickin' of shots for Latasha, that's proper  
Love for my niggas but a glock for the coppers

So what the fuck you wanna do now?  
I packed a 9 last year in '99, I'm packin' two now  
And even if they pull their triggers  
They can shoot one man  
But nothing's gonna stop the plan of true niggas

Niggas  
(Yeah, niggas, you can't fuck with us)  
Niggas  
(Yeah, niggas, 'cuz bein' a nigga means you love  
niggas)  
Niggas  
(Jada, ey, yo)

My dimes make the fiends go to sleep, so they call 'em  
bedrocks  
Niggas is like photographers, all they take is headshots  
Your last words'll be, "Damn, what's all these red  
dots?"  
Niggas, nowadays they worry me, my bars is therapy

As long as you usin' them thoroughly  
Muah, 'til the day that they bury me  
My niggas is stronger and tighter now  
Than they probably will ever be  
And I'm a product of the '70's

The hood got niggas on punishment, that's why they  
never leave  
If I ain't eatin' with you, I'm probably beefin' with you  
If no money ain't involved, ain't no need for me  
speakin' with you  
I know you got a gun but I'm hopin' you keep it with you

'Cuz unfortunately, I'm one of them rappers that keep a  
pistol and  
You know what the Llama do, Shady Aftermath  
Ruff Ryders, D-Block, and of course Amaru  
Lotta people honor you, probably 'cuz of the way

That you used to bring the drama to, whoever you  
wanted to  
You a leader when you can get a leader to follow you  
But anyway, life goes on, so I'll see you  
When I art in Heaven, like our fathers do

Niggas  
(Yeah niggas, you can't fuck with us)  
Niggas  
(Yeah niggas, 'cuz bein' a nigga means you love  
niggas)  
Niggas, niggas  
(Nigga, you can't fuck with us)
