Said he wanna be, shorties gonna be a thug  
Said he wanna be, one day he's gonna be  
Said he's wanna be, shorties gonna be a thug  
Said he's gonna be, one day he gonna be

Say he wanna be, shorties gonna be a thug  
Said he gonna be, one day he's gonna be  
Said he wanna be, shorties gonna be a thug

He was a nice middle class nigga  
But nobody knew the evil he'd do, when he got a little  
bigger  
Get off the final blaze while puffing on a Newport  
Plottin' on a another way to catch a case

Was only sixteen, yet convicted as a felon  
With a bunch of old niggas but you the only one who  
ain't telling  
I tell you it's a cold world, stay in school  
You tell me its a man's world, play the rules

And fade fools, n' break rules until we major  
Blaze up, getting with hoes through my pager  
Was raised up, commencing to money makin' tactics  
It's getting drastic, niggas got automatics

My fingers on the trigga, tell the Lord  
To make way for another straight thug nigga  
I'm sitting getting buzzed, looking for some luv  
From the homies, 'cuz shorty wanna be a thug

Said he gonna be, one day he's gonna be  
Said he wanna be, shorties gonna be a thug  
Said he gonna be, one day he's gonna be  
Said he wanna be, shorties gonna be a thug

Said he gonna be, one day he's gonna be  
Said he wanna be, shorties gonna be a thug  
Said he gonna be, one day he's gonna be  
Said he wanna be, shorties gonna be a thug

Straight from the Hall to the Penn

Adolescent nigga scaling weight and standing six feet  
ten  
He carried weight like a Mack truck  
Gonna bust on some playa haters if the motherfuckers  
act tough

Then thats when the lethal weapon with the razor  
This little nigga smoking weed and getting blazed up  
No one could figure, when the guns blast pull the  
trigga  
Could take the life of a young nigga guns bigger

No mother and father, you see, the niggas all alone  
Old timers my role model, the war zone  
Released with this game 'til it's a part of me  
My heart don't beat no fear and it ain't hard to see

The future is looking dim  
I'm trying to make a profit out of living in this sin  
I'm in the dark getting buzzed, looking for some love  
Out with the homies, 'cuz shorty wanna be a thug

Said he gonna be, one day he's gonna be  
Said he wanna be, shorties gonna be a thug  
Said he gonna be, one day he's gonna be  
Said he wanna be, shorties gonna be a thug

Said he gonna be, one day he's gonna be  
Said he wanna be, shorties gonna be a thug  
Said he gonna be, one day he's gonna be  
Said he wanna be, shorties gonna be a thug

Shorties gonna be a thug

You little bad ass nigga, to the young niggas  
Gotta stay sharp nigga, play your part  
You got plenty of time, you bad motherfuckers  
You only get three mistakes, then thats life, big baby  
Niggas crazy, watch the signs damn, you ain't but  
sixteen nigga?  
Sixteen? That's a bad motherfucker
