And the niggers with the click click boom they kiss the rear
And like a fellow returns to us ... he speaks
Cause I'm the most slept on, west side
... motherfucking untouchables with the lbc click
nigger, bad boy killing
Put your guns down nigger, we are motherfucking
untouchable
West side, outlaw thug life, ... motherfucking, ...
motherfucking see, what does he like? ...
You know
You turning an individual suffer with the jail ... inhale
making you forget the money
Money it seems young black things triple beans
dreams make them
... Fucking make a million, ...from the top of the
building, I brick them ...
I could see it with my eyes right, it wasn't hustle, it's a
pig that don't fly right?
You got them like hit the ... turn them into
motherfucking thugs nigger
They'll be ... come bear with me, hang with us, same
niggers go to jail with me
Bang with the outlaw click, six since I came out, pull out
my pistol,
And blow your brains out, pull it my every word like I
bullet hollow point stab
Burn niggers till they feel it ... try to rock, thinking about
no limitation, no coming off
Dealing with everybody running off, they get the gas
smack cracks out my gun ball
Holes in your body and blood all over your clothes
Cause money makes Earth what it's working hurt
Doing dirt they spit it, you can borrow, I mean it
Any ... confrontation on currency, ... stacking while I'm
acting all low
...we see it it's a no no
Talking what you don't know and you won't know
Heat holds me down, my ... hold me down
Cause I put the rush ... nigger we bust em up
Cop... ready to blow your block off the map
Thug life nigger live with us cops trying to get us but

they can't

When you ... money, you gotta always check your game
... maintain cause this game is a cold thang, can you
dig it man?

The show man, I wish I had your game, look at young
dog do your own thang

Them bitch ass niggers ... buck em no, stay real, watch
yourself and untouchable

See that's what's wrong with you niggers, man

But ... me and my dogs wanna fuck that

We're just paper chasing, we're no maintenance

Are you relaying to this shit we're creating?

I'm a thug ...

Like I bury the dog ...closer

...it's called the layout

... we gotta take out here

...time to execute, aim for the ... is you, that was cool

when you died, nobody kept the truth

...

Niggers play us, getting paper is a blackjack

But ... that's what we go, wanna do dreaming the
scheme and know living untouchable

Well it's to all you ... are we untouchable, bringing the
rockers to all you ...

But now we play, as far as we play

...

...Many different ways...

Fuck with outlaws is crazy, they cut like ... who is it the
shot, get down ...

...walk with safety, if you're shaky, heard about ... play
no jail straight here.
