Maybe, it's the thug n me
You know, what time it is?

By age thirteen I was buck wild, good at my knuckle
game
Made it through a tough childhood never be the same
Walked in my daddy's shoes, no time to be a peaceful
man
Had to shatter fools that's 'til I put my eyes on you

Goddamn, sweetheart, you got some thighs on you
Now I can't wait to get you home
Get you all alone in my bedroom
Baby, can we bone and get it on?

Tell me, lady, how you like me?
And if you want it harder baby, come and bite me
But do it lightly 'cause that excites me to let it pop
And if you lick me right, I'll do it all night

Only got fucked by a drug dealer
Never felt the real passion of a thug
Though I like the way you scream when you lovin' me
I'm goin' deep, it's the thug n me, so whatchu sayin'
girl?

A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna put in you
A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna give to you, girl

Woke up this mornin', feelin' kinda horny
I want you to come over to get some of this thug love
Tell me how you want it, girl, tell me how you like it, girl
Tell me do you need it, girl, don't try to fight it, come
on

A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna put in you
A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna give to you, girl

How do you want it? I said toss it up
Let me be your dentist, let me floss it up
Tell me how you want it, tell me how you need it
Tell me how you like it, don't try to fight it

A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna put in you
A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna give to you, girl

Moan, baby, when we bone it's on
It's so strong niggaz in the next room'll cum
I got ya head swingin', tongue kissin'
As I hit it from the back with the bed ringin'

Give me space as I lick ya face, stick the place
Synchronize so I drive when they kick the bass
Love fuckin' in tha mornin', I get ya wet and bust a
sweat
Then I'm gone, left you on yo' own, girl

Tell me what you feel like blindfolded
I'm cold do it real nice, that's if it feel right
Maybe it's the thug n me, I pull ya hair while we fuckin'
in the chair
When ya lovin' me up against the wall

You can have it all, just try, bet my kiss
Can get you high, don't pass by, grab me by my nuts
When I'm lovin' you, now open up
And let me put the thug n you

A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna put in you
A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna give to you, girl

A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna put in you
A thug nigga like me, I need a thug lady like you
I got a lot of thug n me that I wanna give to you, girl

Maybe some thug n me, it gotta be a thug n you
Thug n me, a little bit of thug n me
A little bit of thug n you, a little bit of thug n you
Thug n me

A whole lotta thug n you, a whole lotta thug n me
A whole lotta thug n me, come on

A whole lotta thug n me, a whole lotta thug n you
A whole lotta thug n me, you need some thug n you
A whole lotta thug n me, you need some thug n you
