They don't even know your name
Anonymous blood and carnal gains
Playing hide and seek for days
Our love is buried in cocaine (sin pays)

Spell it out or swallow your pride (oh no)
Spell it out or swallow your pride (oh no)
Spell it out or say goodbye
Just look the camera in the eye

Faces on the corner
Bodies on the screen
Films can't keep us younger
It feels so good, it feels so good to dream

Barely old enough to drive
You're pulling the chord on these boogie lights
Spreading east past the 405
To the Valley, lust is life (it's time)

Spell it out or swallow your pride (oh no)
Spell it out or swallow your pride (oh no)
Spell it out or say goodbye
Just look the camera in the eye

Faces on the corner
Bodies on the screen
Films can't keep us younger
It feels so good, it feels so good to dream

Spell it out or swallow your pride (oh no)
Spell it out or swallow your pride (oh no)
Spell it out or say goodbye
Just look the camera in the eye

Faces on the corner
Bodies on the screen
Films can't keep us younger
It feels so good, it feels so good to dream

You're gonna be a star...
