Bills were made to burn
Checks were made to take their turns

Love is born on the dance floor looking at me
Mirror balls can't hide the fact it's quarter to three

Where do you want me?

All you'll ever know is what you buy tonight
Buy tonight, rolling up the paper bonds
This high is mine
[x2]

Banks were made to fail
Invest in easy love or just get lost in the bail
Deposit on me

All you'll ever know is what you buy tonight
Buy tonight, rolling up the paper bonds
This high is mine
[x2]

This high is mine [x2]

All you'll ever know is what you buy tonight
Buy tonight, rolling up the paper bonds
This high is mine
[repeated]

I believe it keeps my heart from stopping...

I don't wanna let you go
