The Silver Lake is emptied out  
Past the double lines that made you real  
All the broken promises and the dotted lights  
That were born waiting on the deal  
You're hustling the millionaires for the extra points  
inside the stars  
With red hands pointing up, it's a lonely door you're  
behind  
Johnny's not too far

(Some never asked to survive)  
It's you  
When every song has a meaning  
And you can't fake your love for me  
[x2]

Going back to Omaha  
Spy the dirty vans, they're passing through  
Told me I should double down  
But I'll fold my hands till I find you

(Some never asked to survive)  
It's you  
When every song has a meaning  
And you can't fake your love for me  
[x2]

It's you  
When every song has a meaning  
And you can't fake your love for me  
[x2]

(We never asked to survive)  
It's you  
When every song has a meaning  
And you can't fake your love for me  
[x2]

Who's the loser?  
Who's the loser?  
Who's the loser?

Don't cross the border again  
[repeat]

(We never asked to survive)
