Why are you blistering me  
I'll always be your favourite day dream  
why won't you listen to me  
you'll always be my favourite ocean

Little scabs make you so aware...  
of this globe's slow roll  
and the chlorine in the air  
vocal chords wrapped around the sun  
baritone astronauts burn our houses down for fun

Why are you blistering me  
I'll always be your favourite day dream  
why won't you listen to me you'll  
always be my favourite ocean

Little scabs make you so aware...  
smuggled rake in a cake finds the badgers in my hair  
vocal chords wrapped around the sun  
baritone astronauts burn their houses down for fun
