Sometimes I miss the circus but I know why I ran away  
I stepped right out of that song while it played  
I lit it like a stage and I gave it like a gift  
What I got out of it is this  
Be suspicious but friendly to your elders  
Be friendly but suspicious to other circuses  
Trust your friends even if you can't trust your friends  
You've already agreed to travel with them  
So long to the circus, so long to it all  
I've always had a good sense of when it's time to get  
gone  
When the police are about to arrive, when security  
steps in  
Wave goodbye to the circus  
Sometimes I miss the circus and the friends I made  
Never would have left had you stayed  
You left us like a stage that you'd outgrown  
Leaving me stunned and all alone  
So long to the circus, so long to it all  
I've always had a good sense of when it's time to get  
gone  
When the police are about to arrive, when security  
steps in  
Wave goodbye to the circus  
Wave goodbye to the circus, don't cry  
It was just another circus, it was just your first time  
You didn't know what you were doing, you couldn't  
know what you missed  
What did you get out of this?  
That Love is real, unstoppable  
Actually a wild animal  
Self-interested, amoral and cruel  
And you got between it and food  
So long to the circus, so long to it all  
You should have a good sense of when it's time to get  
gone  
When the police are about to arrive, when security  
steps in  
Wave goodbye to the circus
