Why do they make it hard to love you
Why can't they even start to try
'Cause now I feel a bridge is burning
Oh, Oh
And all the smoke is in my eyes

Oh, Oh

I realize I never let them know me
I always want to be right
Took a mistake to really show me
Oh, Oh
Exactly what they were like

I've been wrong but I've been changing
I've been wondering what to do
Here I am alone and waiting for you

Why do I try to make them happy
Why am I always playing nice
It isn't easy trying to tell you
Oh, Oh
Exactly what is on my mind

I've been wrong but I've been changing
I've been wondering what to do
Here I am alone and waiting for you

Ha
Ah, Ah

Ha
Ah, Ah

I've been wrong but I've been waiting for you
I've been wrong but I've been changing
I've been wondering what to do
Here I am alone and waiting
Waiting fo you
