I never had all the answers  
I never had enough time  
But I sure had all the reasons  
Why you weren't what I wanted to find

I never laid all my cards out  
You just wanted to play  
The king he waited on my doorstep  
While the joker and me went on our way

Chorus:  
Maybe I was much too selfish  
But baby you're still on my mind  
Now I'm grown and all alone  
And wishing I was with you tonight  
'Cause I can guarantee  
Things are sweeter in Tennessee

These days everything is all business  
Never in ONE place for too long  
And there's no lack of arms around me  
But I still wonder if somewhere I went wrong

[Chorus]

In tennessee

And I'd wish on every star in the  
Southern sky  
For that man and our life  
If I did not think that

[Chorus]

Yes, I can guarantee  
Things are sweeter in Tennessee
