five state-school lots  
five girls at cost  
that thing we know  
the whole township lost  
but  
maybe it's love  
maybe run luck  
I'll man the bed  
(and) hammer out love

snow scenes level lonely bastards

eight feet of earth  
the whole thing suddenly worth  
a faster gun, a faster gun, a faster gun, right now

black jetty rock  
rock splitter's shot  
saddle creek stars  
I miss them a lot  
but  
cable-car heights  
cable snaps right  
each devil out  
out finding fights

snow scenes level lonely bastards

eight feet of earth  
the whole thing suddenly worth  
a faster gun, a faster gun, a faster gun

main motor down  
and no shot left at the crown  
a faster gun, a faster gun, a faster gun

a faster gun, could you  
a faster gun, tell me would you  
a faster gun, right now

eight feet of earth

the whole thing's suddenly worth  
a faster gun, a faster gun, a faster gun

main motor down  
and no shot left at the crown  
a faster gun, a faster gun, a faster gun, right now,  
right now  
a faster gun, a faster gun, a faster gun, right now,  
right now  
a faster gun, a faster gun, a faster gun, right
