everyone was talking  
about the minutes  
that you walked into the room  
and how you made them listen  
to your bitching  
and you're leaving me real soon  
i don't wanna hear you miss me, miss me  
i don't wanna hear you talk about it  
i don't wanna hear you miss me, i don't, i don't wanna  
you miss me now, you've messed me up  
you miss me, miss me now  
you've messed me up, you miss me

thought he was so perfect  
never noticing the sucker i'd become  
then i hear through your best friends  
that your sick off me, i'm not the only one  
and everyone said, "it's over, tough"  
everyone said it's over, tough  
but i was not listening  
until you called me up that night  
told me that you had to say, goodbye

and i don't want to hear a word about you  
the shit you're gonna work through  
your going to find, your going to find, you, you  
you miss me now, you mest me up  
you miss me, miss me now, you've messed me up  
you miss me, miss me now, you've messed me up  
you miss me, miss me now, you've messed me up  
you miss me, you miss me

don't know what you got on me  
i'll even it, just you wait and see, yeah  
that i'll get my way with you  
then we'll see exactly who left who  
and i don't wanna hear you miss me, miss me  
i don't wanna hear you talk about us  
i don't wanna hear you miss me, i don't, i don't wanna  
you miss me now, you've messed me up  
you miss me, miss me now, you've messed me up

you miss me, miss me now, you've messed me up  
you miss me, miss me now, you've messed me up  
you miss me, you miss me
